<p>How this worked in practice:</p> <p>Each topic (half term) we create a topic page that links to curriculum pages which makes it easy for children and teachers to find resources and activities that we use in class.</p> <p>These Curriculum pages are then used by children at home, and parents are aware that they can continue to extend, develop and enhance their child's learning in support of their school-based learning by using these targeted and tailored learning spaces.</p>	
<p>By the end of this sequence of work children had developed skills in:</p> <p>Learning: Independent Learning, Parental Engagement</p>	
<p>Next Steps: To engage parents as more pro-active partners in children's curriculum learning through opening up deeper learning activities (eg; debate & thinking forums based on the same topics).</p>
